A technical workshop
Incorporating a unique self-development and peak performance module.

BACKGROUND TO SHIPPING IN NIGERIA

Be part of this three-day course on *BACKGROUND TO SHIPPING IN NIGERIA*, designed with result-driven professionals in mind.

Spanning over three weeks, this leading course is Nigeria's most comprehensive programme for a background and unique perspective into the maritime industry.

It covers commercial, operational, regulatory, legal and policy aspects, and is an effective means of understanding maritime industry fundamentals.

It also incorporates a unique self-development and peak performance module which maximises organisational output by targeting the peculiar individual challenges of their
